

HOGG & DAVIS PULLER

ODP 20-4 Drum Puller

PRODUCT DESCRIPTION

The ODP 20-4 is a four drum puller capable of line pull of 2,000lb on a single drum. Each drum can be engaged or disengaged for single or multiple drum pulling. An overspin brake with a hydraulic actuator is also included on each drum. The automatic diamond lead screw levelwind allows for even winding of rope on one drum at a time.

All unit functions are centrally located at the operators station. Engine gauges including tachometer, oil pressure, temp, fuel, and voltage are all in view. Pulling is controlled with an electric over hydraulic, spring return to neutral joystick allowing for infinite control of line speed and presentable line pull.

KEY FEATURES

- Continuous Linepull Rating: 2,000lbs (Single Drum)
- Continuous Torque Rating: 36,000in-lb (Single Drum)
- Infinitely Variable Speed from 0.0 – 4.0mph

- Rated Diameter: 36"
- Width: 31"
- Rated Rope Capacity: 10,600 feet (7/16" dia)

- 30.2HP Diesel Engine
- Closed Loop Hydrostatic Hydraulic Drive
- Spring Applied, Hydraulic Release Drive Train Brake
- Mechanical Clutch Engagement on Each Drum
- Freewheel Disconnect on Each Drum
- 24" Dia. Hydraulic Overspin Brake on Each Drum

- 19 Gallon Fuel Capacity
- 29.5 Gallon Hydraulic Oil Capacity
- Levelwind
- Lockable Steel Battery Box
- Baked White Enamel Finish

TRAILER FEATURES

- Single 10,000lb Leaf-Sprung Axles
- 11,000lb GVWR
- Electric Trailer Brakes
- (3) Drop-Leg Manual Leveling Jacks
- (2) R17.5 – 16 Ply Rated Tires
- Full Coverage Fenders With Mudflaps
- D.O.T. Trailer Lighting with 7-Wire Connector
