

HOGG & DAVIS PULLER

ODP 40 Drum Puller

PRODUCT DESCRIPTION

The ODP 40 is a single drum puller capable of line pull or tension of up to 4,000lb. Disengaging the drive system allows for free wheel payout of the pulling rope with an integrated hydraulically controlled overspin brake. The operator controlled post style levelwind allows for even winding of rope.

All unit functions are centrally located at the operators station. Engine gauges including tachometer, oil pressure, temp, fuel, and voltage are all in view. Pulling is controlled with an electric over hydraulic, spring return to neutral joystick allowing for infinite control of line speed and presentable line pull.

KEY FEATURES

- Continuous Linepull Rating: 4,000lb
- Continuous Torque Rating: 88,000in-lb
- Infinitely Variable Speed from 0.0 – 4.0mph
- Rated Diameter: 44"
- Width: 40"
- Rated Rope Capacity: 10,877ft (5/8" dia)
- 55.2HP Diesel Engine
- Closed Loop Hydrostatic Hydraulic Drive
- Spring Applied, Hydraulic Release Drive Train Brake
- Mechanical Clutch Engagement on Drum
- Freewheel Disconnect Standard on Drum
- 16" Diameter. Overspin Brake on Drum
- 19 Gallon Fuel Capacity
- 29.5 Gallon Hydraulic Oil Capacity
- Hydraulic Boom Levelwind
- Lockable Steel Battery Box
- Baked White Enamel Finish

TRAILER FEATURES

- Tandem 7,000lb Leaf-Sprung Axles
- 14,000lb GVWR
- Electric Trailer Brakes
- (3) Drop-Leg Manual Leveling Jacks
- (4) R17.5 – 16 Ply Rated Tires
- Full Coverage Fenders With Mud Flaps
- D.O.T. Trailer Lighting with 7-Wire Connector
